Phil 100A has a site on the Web. We post the course syllabus, all handouts and studyguides, as well as other course- related documents on that site. Scheduling information also appears there. The address is:

<http://people.umass.edu/ffeldman/phil100/>

There are other ways to get there from the Philosophy Department website and from Fred's personal website:

<http://www-unix.oit.umass.edu/~ffeldman/>

All members of the Phil 100A staff check e-mail frequently. We strongly encourage you to send us your comments and questions via e-mail. We will try to respond promptly. We are especially interested in hearing complaints (if you should have any) about the course. Compliments are also welcome.

E-mail Addresses of Phil 100A Staff:
