

Two Defective Definitions of 'Ethics.'

EHL: Ethics is the attempt to determine how we should live.

EHL(m): Ethics is the attempt to determine how we *morally* should live.

A Better Definition.

EPSM: Ethics is the philosophical study of morality.

The philosophical study of morality includes the following sub-topics:

- 1) *Normative Ethics of Behavior.*
- 2) *Axiology.*
- 3) *Virtue Theory.*
- 4) *Metaethics.*
- 5) *Moral Epistemology.*
- 6) *Deontic Logic.*
- 7) *Moral Psychology.*
- 8) *Applied Ethics.*
- 9) *Casuistry.*
- 10) *History of Ethics.*
